

RWE

**You can change
the future. Yours
and ours.**

Working Student Credit Risk m/f/t

RWE Supply & Trading GmbH, Essen, Germany (DE)

To start as soon as possible, Full time/Part time, Fixed term, 6 months

Your future plans

This is an exciting opportunity for a driven student to join our credit risk control team. The department designs, implements, and operates procedures for credit risk analytics, cash liquidity management, the corporate FX hedging process and quantitative aspects of financial markets regulations.

You will collaborate in operating the credit and liquidity risk control function of the department

- Improve the counterparty credit risk and liquidity risk methods and systems framework as appropriate and needed
- Evaluate (complex) transactions – exposure & pricing wise; including suggestions to improve the risk/return relationship
- Run Credit Risk reporting processes
- Perform ad-hoc analysis

Your powerful skills

- Student preferably in the field of business administration, economics, mathematics or science (minimum 4th semester) with focus on risk management, finance or related analytical topics
- Programming experience and affinity
- Strong communication skills and excellent command in spoken and written German and English
- Distinct social competence, ability to work in a team as well as conflict management skills

Advantageous, but not a must

- Ideally first practical experience in the energy industry or the financial management area

Benefits you can rely on

- You will receive many exciting learning opportunities and deep insights into leading practice Credit Risk measurement, pricing and mitigation techniques of a leading commodity trading house
- You are accompanying RWE in an exciting phase: In its transformation into an international power producer with a strong focus on renewable energy
- The opportunity to build a valuable network for your professional future
- Flexible working hours
