The Chair for Entrepreneurship and Innovative Business Models (Prof. Dr. Stefanie Bröring), Center for Entrepreneurship, Innovation and Transformation (CEIT), Faculty of Management and Economics of the Ruhr-Universität Bochum, is looking for a

Student Assistant
(8 hours/week)

starting from 1st April/ 1st May 2024.

Your tasks:

• Statistical analysis for large amounts of data (e.g., patent and publication analyses) to support ongoing research projects
• Programming tasks (e.g., network analysis, topic modelling, data pre-processing) in R and/or Python
• Support in organizational and administrative (IT) activities

Position requirements:

• Experience in IT topics and programming, preferably experience with data analysis in R and/or Python
• Ability to work creatively and effectively both as a team member and independently
• Very good knowledge of spoken and written German and English
• Very good communication skills
• Willingness to become familiar with new topics
• Very good knowledge in MS office (Word, Excel, PowerPoint)
• Availability to work at least 6 months at the chair

We offer:

• Collaboration in a young and motivated team with a passion for new technologies and entrepreneurship
• Pleasant and positive working atmosphere
• Active participation in current research projects in the field of sustainability transitions
• Long-term perspective as a student assistant
• Possibility of working remotely

Job location: O-Werk CEIT, Suttner-Nobel-Allee 4
