

The Chair for Entrepreneurship and Innovative Business Models (Prof. Dr. Stefanie Bröring), Center for Entrepreneurship, Innovation and Transformation (CEIT), Faculty of Management and Economics of the Ruhr-Universität Bochum, is looking for a

Student Assistant (8 hours/week)

starting from 1st June 2024.

Your tasks:

- Statistical analysis for large amounts of data (e.g., patent and publication analyses) to support ongoing research projects
- Programming tasks (e.g., network analysis, topic modelling, data pre-processing) in R and/or Python
- Support in organizational and administrative (IT) activities

Position requirements:

- Experience in IT topics and programming, preferably experience with data analysis in R and/or Python
- Ability to work creatively and effectively both as part of a team and independently
- Very good written and spoken German and/or English skills
- Strong communication skills
- Willingness to become familiar with new topics (e.g., patent analysis, homepage design)
- Very good MS Office skills (Word, Excel, PowerPoint)
- Ideally willing to work at the Chair for at least 1 year

We offer:

- Work in a young and highly motivated team investigating the transition to sustainability and digitalization
- Pleasant and positive working environment with possibility to work from home
- Active participation in current research projects in the area of entrepreneurship and innovative business models
- Long-term perspective as a student assistant with insights into academic research and teaching at university level
- Starting wage: 13,25€/hour (for Bachelor's degree holders: 14€/hour)

Job location: O-Werk CEIT, Suttner-Nobel-Allee 4
